

## Job Description for Vice President of Health and Safety

### **Mission**

To protect our brothers, and the broader campus community, by providing health and safety education.

### **Role**

The Vice President of Health and Safety will champion Sacred Purpose within the local chapter by providing health and safety programming to all members, pledges, and the greater campus community.

### **Responsibilities**

- Serve on the chapter's executive council as the third-highest ranking chapter officer
- Cultivate working relationships and serve as a liaison with campus and community health and safety professionals who can support the mission of Sacred Purpose
- Identify campus and community resources available to the local chapter and make those resources available to individual members
- Twice annually, organize educational programs from the seven areas of Sacred Purpose that are open to the entire campus community
- Organize an educational program for each of the seven Sacred Purpose areas annually.
- Recruit a Health and Safety Adviser
- Collaborate with that adviser to set goals and create an annual strategic plan
- Be a risk educator, not a risk manager
